To Whom It May Concern:

Miles & Kelly Construction successfully completed a forty-seven bed addition, and an extensive interior remodel at Canyon Ridge Hospital.

In addition to the work performed at Canyon Ridge, a major remodel was completed at BHC Alhambra Hospital. The scope of work at Alhambra included renovation and retro fitting of a twelve bed unit, and a six bed unit. The work was completed on schedule and in a professional manner.

The management team at Miles & Kelly personally insured all interim life safety, and infection control standards were met or exceeded at all times. Project management, Budget management and direct supervision for both projects were done in an efficient and professional manner.

Communication between Miles & Kelly Construction and the facility management team was excellent and they were very responsive to our needs..

The level of expertise and customer service performed by Miles & Kelly resulted in the successful completion of these two projects.

Sincerely,

Michelle W. Jackson, CFO
