

Canyon Ridge Hospital Chino, CA

Architect: HMC Architects

Canyon Ridge Hospital is a full-service psychiatric hospital that operates a 106-bed acute care facility for both adults and adolescents. Miles & Kelley constructed the recent 10,000 square foot expansion of this facility while maintaining full ongoing hospital operations, with a minimum of inconvenience to staff and patients. The facility, operated by PSI, opened its recent additions in the Spring of 2009.
